Deadlines and course retake policy

In case the applicant received an unsatisfactory grade for the practice-oriented differentiated test, he must reschedule it for 21 weeks in the form of testing. The maximum score that can be obtained by the applicant for the final modular control (FMC) - "3". The grade from the discipline that the applicant receives after the re-completion of the FMC is defined as the sum of points for current performance and 48 points for the FMC. If the applicant has not rescheduled the FMC - the second reschedule is conducted in the form of testing in the presence of the commission. The maximum score he can get for FMK - "3". After the second re-addition of FMK, all current points received by the student in the discipline are canceled. The total grade for the discipline that a student can receive after the 3rd re-examination of the FMC can not be more than "3", which corresponds to 120 points. The applicant must reschedule the FMC before the beginning of the next semester. Якщо за результатами всіх контрольних заходів отримана сума балів відповідає позитивній оцінці (обов'язковою є умова виконання усіх вимог, визначених РП НД та регламентом), вона є підсумковою, перескладання позитивної оцінки з метою підвищення не здійснюється.

Ліквідація академічної заборгованості здійснюється відповідно до вимог Положення про організацію освітнього процесу Сумського державного університету, з урахуванням установлених строків, форм контролю та процедур повторного складання контрольних заходів.

Assessment appeals policy

The results of the module and semester assessment are subject to appeal. A student must lodge an appeal to the director/dean on the day of certification or after announcing the results, but no later than the next working day. The appeal commission is established by the director/dean's order. The appeal commission's decision may change the grade in case of violations revealed during the attestation.
